

## ***Rocky Hill Veterans Hospital***

Our NEW Baseball & Softball Field is Ready for Action!

The crack of a bat — The thump of the ball in a glove — The cheers for your team! Soon these exciting noises of life will be heard again on the baseball field at the State Veterans' Home. Thanks to a matching grant from the AFSCME Council 4, coupled with an in kind contribution from Mid State Site Development Company, the ball field is ready for action.

The Department and all the veterans who live here are also thankful for the generous donation of a screened gazebo and storage shed for equipment. The Wilfredo Perez, Jr Foundation, in honor of fallen soldier Wilfredo Perez of Norwalk made the donation and arranged for delivery of these two structures to enhance our campus.

They will be dedicated in Specialist Perez name at an upcoming softball game. Patients from our health care facility are especially pleased that they will be able to enjoy the games as the gazebo is wheelchair accessible.

Thank you to the Perez family, the AFSCME Council 4 for \$52,000 and \$34,000 in kind donation from Mid State Site Development Company, and other undesignated donations! Play Ball!
